FULLY FURNISHED TWO BEDROOM APARTMENT IN HOTEL CONCEPT RESIDENCE

FULLY FURNISHED TWO BEDROOM APARTMENT IN HOTEL CONCEPT RESIDENCE With this two bedroom apartment, you don't need to worry about finding tenants, signing yearly or monthly contracts. There is no need to worry about the furniture, your white goods, or the walls either. Because everything is managed by its hotel concept management system. Full management, international marketing, calculating shared profits, and payment of shares is done by the hotel system for a mere 17% commission. The other 83% is shared amongst all units 'based on their initial sales price'. The more expensive unit you buy today, the higher your share of profits will be perpetually. Moreover, reserving upfront, you may enjoy holidays at your own property, without paying. Cost of your stay will be deducted from your shared profits.
