An incomparable villa is now for sale, privately built by the owners on an 8,000 m² plot surrounded by beautiful pine trees that will capture your heart at first sight. Perched high on a hill, it offers a breathtaking location where it feels like you could touch the moon and the sun, with spectacular mountain views. This stunning villa holds immense potential, whether you're looking for a private home or a property for commercial use. In total, the property has 4 bathrooms and a guest WC. There are 2 large living rooms, each with its own fireplace, perfect for relaxation and gatherings. The villa also boasts a generously sized kitchen with a dining area, in addition to a separate second dining room, offering plenty of space for both private and social occasions.
