FOUR BEDROOM SEMI DETACHED TRIPLEX VILLA

  Our four-bedroom triplex villa features an independent studio apartment on the ground floor, a living area on the middle floor, and three bedrooms on the upper floor, one of which includes an en-suite bathroom. In total, the villa offers four bedrooms, two bathrooms, and a guest toilet. The rooftop terrace provides a seating area with mountain and sea views. The villa is equipped with a central heating system and features natural marble flooring. Located in a quiet and peaceful area, the villa has recently been renovated. Additionally, there is a covered garage for two vehicles across from the villa, and the villa has usage rights to a 200 m² piece of adjacent foundation land. For more detailed information and a presentation, please feel free to contact us.
